

EPOXYSHIELD® DECORATIVE COLOUR CHIPS

DESCRIPTION AND USES

EpoxyShield® Decorative Colour Chips are designed for use with EpoxyShield concrete floor coatings. When sprinkled onto a freshly coated surface, these decorative chips bond to the wet film to become a permanent part of the coating. Use on garages, basements, carports, laundry rooms, porches, patios and walkways. EpoxyShield Decorative Colour chips also help to hide dirt and surface imperfections and can be used with water-based or solvent-based concrete coatings.

PRODUCT FEATURES

- Use with EpoxyShield coatings to enhance appearance on concrete floors
- Mix and match chips to customize your colour scheme
- Use additional chips to create a textured finish
- Interior / Exterior durability

PRODUCTS

SKU	DESCRIPTION (454g Bag)
N238469	Blue Gray Blend
N238470	Tan Blend

PRODUCT APPLICATION

Do not mix Decorative Chips into the coating. Apply concrete floor coating (sold separately) in 1.2m x 1.2m sections. Immediately after completing the final roller passes, begin broadcasting the Decorative Chips onto the wet coating. Distribute the Decorative Chips by tossing them up into the air above the coating in an underhand manner. This allows the chips to drop directly down onto the surface of the coating. Avoid slinging the chips onto the coating with a sidearm throw.

IMPORTANT: Apply decorative chips to wet paint only. Move on to the next 1.2m x 1.2m section and continue until complete.

Note: Fresh paint can be applied over the loose chips that lay outside the previously painted area. For a high gloss finish, topcoat garage floors with EpoxyShield® Premium Series Clear Finish.

COVERAGE

Standard Chip Pattern – 23m² per bag
Heavy Chip Pattern – 12m² per bag
